City of Bellevue Fund Hierarchy 2021-2022 Adopted Budget

This Page Intentionally Left Blank

Fund Descriptions

This section highlights each fund in the City of Bellevue, including a short description of how each fund handles reserves. A fund is simply an independent entity that is used to account for all the financial transactions related to it.

When new purposes or dedicated revenues for city operations arise, the city may create a new fund to account for those activities if such segregation is warranted. Every year Bellevue reviews existing funds and projects that need to be closed because the purpose for which they were created has been completed.

The city's funds are divided into nine fund types, including the General Fund. They are defined as follows:

The General Fund is used to account for all transactions associated with customary city operations that are not required to be accounted for in another fund. The fund number starts with a "0".

Special Revenue Funds are used to account for the proceeds of revenue sources that are legally restricted to expenditures for specified purposes (other than major capital projects). The fund number begins with a "1".

Debt Service Funds are used to account for the accumulation of resources needed to pay general obligation and special assessment bond principal, interest and related costs. The fund number begins with a "2".

Capital Project Funds are used to account for the acquisition or construction of major capital facilities with the exception of those facilities financed by proprietary or enterprise funds. The fund number begins with a "3".

Enterprise Funds are used to account for city operations, which are financed and operated in a manner similar to private business. The fund number begins with a "4".

Internal Service Funds are used to account for the financing of goods or services provided to city departments or other governments on a cost-reimbursement basis. The fund number begins with a "5".

Pension Trust Funds: are used to account for assets that have been contributed for pension benefits and held in a trustee capacity

Private Purpose Trust Funds are used to report trust arrangements, other than pension and investment trusts, under which principal and income benefit individuals, private organizations, or other governments

Fund Descriptions

Custodial Funds are used to account for assets held by the government as an agency for individuals, private organizations, other governments or other funds. The fund number for these funds begins with a “6”. Custodial funds are not budgeted during the city’s biennial budget process.

The following table summarizes all funds in the City of Bellevue by fund type.
