City of Bellevue
Diversity Advantage

Presenting Diversity, Equity & Inclusion Summit
Friday, Jan. 8 | 1-4 p.m.

In acknowledgement of six years of work through the city's Diversity Advantage Initiative, the City of Bellevue presents the Diversity, Equity & Inclusion Summit.

The summit aims to create a virtual space for participants to come together to reflect, have dialogue and take collective action toward creating a more equitable community for all. The summit will explore the history, progress and vision of the city's diversity, equity and inclusion work, and the work of others in our communities to promote equity.

During the summit, the city will share lessons learned and explore the important work that remains. As part of this collective work, the summit will include breakout sessions to learn, share and re-emission together a more equitable future for all. Peers and partners in government, nonprofits, education and business are invited to join in the discussion on topics of racial equity, accountability and skills building for driving a more inclusive and equitable culture in the community. Presenters will cover topics around racial equity and results-based accountability, a future state planning of our community, and universal design in outreach and engagement of Black, Indigenous and people of color communities.
