

# Traffic Analysis Report 2022-008

## SE 45th Street and 167th Avenue SE

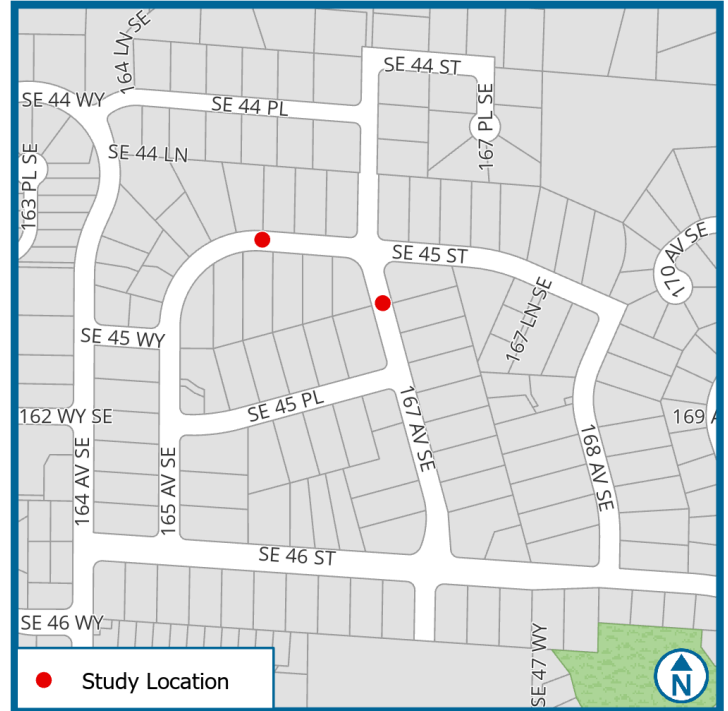

August 2022

Thank you for contacting the City of Bellevue with your concerns about vehicle speeds on SE 45th Street and 167th Avenue SE.

After conducting a field review and speed and volume studies, we have compiled the data and our recommendations into this Traffic Analysis Report.

Please review the summary of findings and our recommendations on the next pages.

You specifically were concerned about vehicle speeds on SE 45th Street and 167th Avenue SE.

### Our findings include:

- Based on the recorded speed and volumes on the street, we do not recommend moving forward with physical measures, such as speed humps.
- Physical measures such as speed humps are limited to streets where the majority of motorists are exceeding the speed limit by 10 mph. Also, our guidelines for physical measures apply to streets with average daily volumes of at least 300 vehicles.
- We recommend you utilize our yard signs or radar dolly to help encourage motorists to respect the speed limit. We encourage you to speak with your neighbors about the included education program recommendations. If you and your neighbors would like to move forward with these programs, please contact me at [lglas@bellevuewa.gov](mailto:lglas@bellevuewa.gov) or at 425-452-2841.
- Our Traffic Engineering division is aware of resident concerns at the intersection of SE 45th Street and 167th Avenue SE, and is currently analyzing this intersection.

# Summary of Findings

Below is a summary of the data we collected on SE 45th Street and 167th Avenue SE from 6/7/2022 to 6/13/2022.

## Road Characteristics

SE 45th Street and 167th Avenue SE are residential streets approximately 20ft and 24ft wide.

## Residential Street

SE 45th Street and 167th Avenue SE are residential streets in Cougar Mountain/ Lakemont with a speed limit of 25 mph.

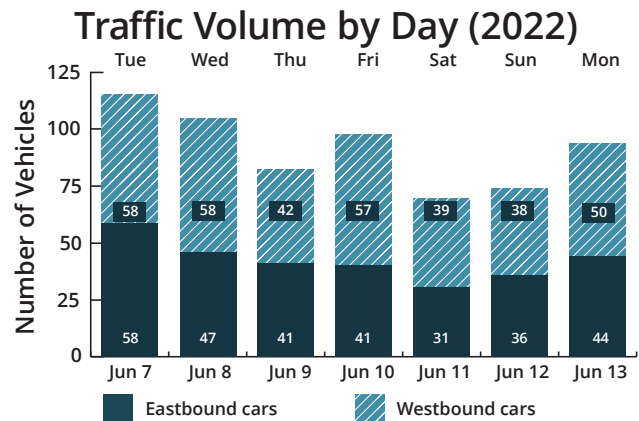

## Daily Traffic

The mid-week daily average traffic on SE 45th Street is 101 cars per day. Mid-week average includes data between Tuesday and Thursday for both directions of travel.

The mid-week daily average traffic on 167th Avenue SE is 117 cars per day.

## Traffic Volume by Day (2022)

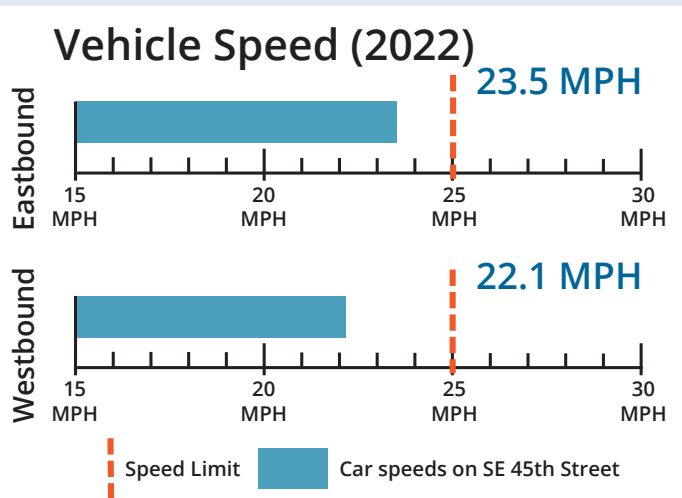

## Speed Study

When measuring vehicle speed, we use a metric called the 85th percentile speed. This speed, shown to the right, represents the speed at which 85% of all vehicles recorded are traveling at or below during our speed study.

The 85th percentile speeds on 167th Avenue SE are 22.4 mph in the northbound direction and 21.8 mph in the southbound direction.

## Vehicle Speed (2022)

## Collision History

A three-year collision study was conducted on SE 45th Street between 165th Avenue SE and 168th Avenue SE and 167th Avenue SE between SE 44th Place and SE 45th Place.

**FINDINGS:** There was one reported collision at the intersection of SE 45th street and 167th Avenue SE.

# Summary of Recommendations

Below are our recommendations for SE 45th Street and 167th Avenue SE based on the field reviews, data collection, and analysis. More detail on these recommendations are outlined in the Residential Traffic Guidebook ([BellevueWA.gov/ResidentialTrafficGuidebook](http://BellevueWA.gov/ResidentialTrafficGuidebook)). By educating the community and encouraging safe driving, we can begin to change driver behavior and reduce vehicle speeds.

**Educate the Community**

**Reduce Excessive Vehicle Speeds**

**Improve Pedestrian and Bicycle Safety**

## Traffic Safety Yard Signs

This program involves lending communities portable signs that encourage motorists to respect the neighborhood, drive responsibly, and drive 25 mph.

To request signs, go to [BellevueWA.gov/YardSigns](http://BellevueWA.gov/YardSigns) or call 425-452-6457

## Radar Dolly

You can borrow and place a radar dolly on your street for up to two weeks. This unit gives motorists feedback on the speed at which they are driving on a digital reader board, encouraging them to obey the speed limit. Should you like to borrow the radar dolly, please request it by calling 425-452-6457 or sign up on [BellevueWA.gov/RadarDolly](http://BellevueWA.gov/RadarDolly). Once we receive a request, city staff will contact you to make arrangements for both the drop-off and pick-up of the radar dolly at your home.

## Vision Zero

Bellevue's Vision Zero initiative reflects the city's commitment to reduce traffic deaths and serious injury

collisions on city streets to zero by the year 2030. In 2015, the city council passed a resolution providing a framework to achieve this goal. It states "the life, safety and health of residents, employees and visitors to Bellevue is the city council's highest priority."

**By participating in one of the recommendations, previous page, you are helping the City of Bellevue in our efforts to make our streets safer for everyone.**

## More Information

Find out more about these recommendations in our Residential Traffic Guidebook or by visiting the Neighborhood Traffic Safety Services website.
