

Neighborhood Enhancement Program

WLS-1: Weona Park Ivy Out!

Cost: \$50,000

Location: Weona Park, 1420 168th Ave SE

Description: This project would involve the removal of non-native English ivy (*Hedera helix*) from natural forested areas within Weowna Park along the west boundary between SE 12th St and SE 16th St. The scope of work would involve removal of English ivy from the forest floor and ivy growing up existing native trees. Although ivy will be the primary target, other non-native invasive weeds such as holly, laurel, and blackberry would also be removed. This project would result in a more diverse and healthy forest ecosystem at Weowna Park that would enhance wildlife habitat and improve ecosystem functions such as stormwater retention, air and water filtration and carbon sequestration.
