

Robinswood Park Trails

1 Mile

In the evergreen forest surrounding Robinswood Park lies a one-mile loop trail. Upon entering the forest the trail system crisscrosses through this second growth stand of Douglas-firs. Notice the young Western red cedar and Western hemlock coming up from below. This is truly a forest in transition. The Douglas-fir will be slowly replaced by the cedar and hemlock, completing another vegetation succession cycle for this piece of land.

From the trails hikers can also access the Robinswood Tennis Center, the parks off-leash dog areas, Pacific madrone trees, synthetic sports fields or children's play area.

To reach the trailhead:

P Robinswood House, 2430 148th Ave SE

P  Tennis Center, 2400 151st Place SE

P  14919 SE 22nd St
